TRAINING IN R410A
T. A. MARRYSHOW COMMUNITY COLLEGE
JULY 4, 2009

EVALUATION

1. What are some of the issues needed to be considered when working with POE oils?
2. Name the oil used with 410A & 407C?
3. Name the oils which are used with R-22?
4. Will R22 system be able to handle pressure of 410A?
5. How many refrigerants make up 410A?
6. Why do we need to change 410A by liquid?
